HERITAGE CONSERVATION DISTRICT DESIGNATION PROCESS

HERITAGE CONSERVATION DISTRICT DESIGNATION PROCESS FOR PORTSMOUTH DISTRICT

- Only background research has been completed.
- Next steps would be to embark on an area study which would determine viability, boundary and changes required to the OP in consultation with Heritage Kingston (HK) and the public.
- If study supports an HCD, city would develop a Heritage Conservation District Plan in consultation with the public and HK.
- HCD designation and plan would be approved through a by-law. This is appealable at the OMB.
- Process would take at least 2 years.
